

ONLINE TRAINING:

<http://www.rso.utah.edu/training/index.html>

INPERSON TRAINING:

1:30 PM to 4:30 PM
at the Research
Administration
Building

Radioactive Materials Safety Training Class

Monday, August 20th

Please make sure to complete the RATS Online Training before attending the in-person training class in August:

Online Training Instructions:

- Read through training information and click on the link on the bottom of the page to access the login page.
- On the login page, use your uNID to enroll as a student.
- After completing the online module, you will be manually registered for the in person training. You will receive an email with in person training information. You **DO NOT** need to contact anyone after completing the online module; we will contact you.
 - **Note:** for the “Responsible User Field” enter “Karen Langley” as your Responsible User. Karen’s RU number is 621.
 - **Note:** if the system will not allow you to skip the questions about using radioactive material or machines you can choose “yes” as your response.
- Reminder:** In order to complete the online module you must a) pass the online final test, b) complete the form RPR1A (Personal Data), and c) generate a Record of Class Completion. The system should walk you through each step.

Questions? Contact Catherine Collins (Catherine@rso.utah.edu) in Radiological Health.
